

Justification for a Non-Competitive Procurement Process

Cap-and-Trade Market Monitoring Service

Introduction

In support of its purpose to “provide administrative and technical services” to its Participating Jurisdictions, WCI, Inc. proposes to procure Cap-and-Trade Market Monitoring Service. The scope of work is based on and defined to meet the specifications and requirements of the two Participating Jurisdictions that are implementing cap-and-trade programs: California and Québec. This document summarizes the justification for procuring this work through a non-competitive procurement process.

Description of Services

The purpose of this work is to enable multi-jurisdictional monitoring among California and Québec of linked auctions and linked markets in greenhouse gas compliance instruments and related derivatives. This work builds upon the substantial, competitively-procured effort by California for market monitoring of its cap-and-trade program, and enables the additional work required to expand the monitoring effort for California to include Québec and to monitor the market as a whole. Specifically, the services being procured in the proposed WCI, Inc. contract include:

- Preparation of a monitoring plan
- Review of auction and reserve sale procedures
- Auditing and monitoring of one QC-only practice auction and two linked auctions
- Monitoring of allowance holdings and transfer activity
- Advice on market rules
- Knowledge transfer
- Preparation of a security plan for transfer of information to and from WCI, Inc. CA, and QC
- Meetings and reports

Steps Taken to Procure the Services Using Competitive Procurement Procedures

The proposed contract would extend the capabilities of the California cap-and-trade market monitoring service to include Québec. California developed its capabilities through a transparent, competitive procurement process. California issued a request for proposals on November 8, 2011 and issued on December 27, 2011 a notice of intent to award to Monitoring Analytics, LLC. No additional steps were taken to competitively procure the proposed services for WCI, Inc.

Alternative Procurement Approach

To provide the services required by the Participating Jurisdictions implementing cap-and-trade programs, the following approach was taken:

- Timing: The procurement must result in a qualified contractor that can reliably develop and implement a multi-jurisdiction monitoring plan in early 2013.

- Scope: The scope of work is limited to the items essential for the Participating Jurisdictions' immediate needs to properly monitor a linked cap-and-trade system. The proposed contract contains the same tasks as those in California's current contract.

WCI, Inc. and Participating Jurisdiction staff approached Monitoring Analytics to confirm its interest in and availability for this work. A gap analysis was conducted by Monitoring Analytics and presented to WCI, Inc. and Participating Jurisdiction staff to identify the subtasks, level of effort, and costs of meeting the objectives of the work. A draft contract was prepared by WCI, Inc., in consultation with Participating Jurisdiction staff, and sent to Monitoring Analytics. Through discussions with Monitoring Analytics, the draft contract, including the Scope of Work, Terms and Conditions, Insurance Requirements, Cost, and Schedule, was revised and a complete contract was finalized on December 20, 2012.

During the process of developing the contract with Monitoring Analytics, the draft contract Terms and Conditions were reviewed by WCI, Inc. counsel. The draft contract was also presented to Participating Jurisdiction staff and some members of the WCI, Inc. Board for review and discussion. The final proposed contract addresses the requirements of the Participating Jurisdictions' cap-and-trade programs, and responds to the direction from Participating Jurisdictions.

The cost proposal from Monitoring Analytics provides detail on expected costs necessary to perform the project. The detail and costs were reviewed and determined to be consistent with the requirements of the project. Overall, the Monitoring Analytics cost proposal was found to be reasonable and competitively priced.

Justification

Monitoring Analytics is uniquely qualified to meet the timing, contracting, and staffing resources necessary to achieve the project objectives. Monitoring Analytics singularly has the technical understanding of the 2013 market infrastructure – the auction process and platform, the Compliance Instrument Tracking System Service (CITSS), etc. – that must be used in 2013, and therefore a unique ability to provide the necessary monitoring services.

WCI, Inc.'s Procurement Policy (approved January 12, 2012) provides for non-competitive procurement in certain instances. In this case, the non-competitive procurement is justified based on the following two allowable exemptions:

“Contracts for services provided by contractors that have been selected by a federal, state, city, county, provincial, or other regulatory entity, usually through a competitive process.”

“Agreements where only one supplier is able to meet the requirements of a procurement to ensure compatibility with existing products.”

PURPOSE / BACKGROUND / OVERVIEW

A. PURPOSE

The purpose of this work is to enable multi-jurisdictional monitoring among California and Québec of linked auctions and linked markets in greenhouse gas compliance instruments and related derivatives.

B. BACKGROUND

Under a competitively-awarded contract with the California Air Resources Board (ARB), Monitoring Analytics is providing market monitoring services for California auctions, California reserve sales, and related markets in California allowances. California and Québec are refining their regulations to fully harmonize their programs to enable linking of their carbon markets. Monitoring Analytics has been working with WCI, Inc., Québec, and California to understand the regulations and requirements and how market monitoring should be augmented to accommodate both jurisdictions in a linked market. This contract enables the additional work required to expand the monitoring effort for California to include Québec and to monitor the market as a whole.

C. OVERVIEW

The scope of work in this contract parallels Monitoring Analytic's scope of work with ARB. This ensures efficient administration and seamless multi-jurisdiction and regional monitoring. The costs of this contract represent the incremental cost associated with expanding the monitoring effort for California to include Québec. Monitoring services will be provided for calendar year 2013 (final reports to be completed in January 2014) and include, but are not limited to, monitoring of one Québec practice auction in April, two linked auctions (August and November), and primary and secondary markets for California and Québec compliance instruments and related derivatives.

At WCI, Inc.’s request, Contractor shall provide WCI, Inc. with evidence that the insurance coverages are being maintained. WCI, Inc. shall be named as an additional insured and certificate holder on all such insurance policies and subrogation against WCI, Inc. shall be waived. Contractor shall pay any deductibles, and all insurance shall be primary, without right of contribution by any insurance carried by WCI, Inc. Contractor shall comply with all financial responsibility standards required by applicable law.

3. SUBSTITUTION OF KEY PERSONNEL

Key Personnel includes Joseph Bowring, Jeffrey Mayes and Carl Smith. Key Personnel may be changed with prior written approval of WCI, Inc. Such approval shall not be unreasonably withheld.

4. PERFORMANCE

Contractor shall perform the Work safely, in accordance with the highest standard of care, skill, and diligence provided by a professional person or company in performance of work similar to the Work, and all Work shall be of good quality and free from faults and defects. Time is of the essence for the Agreement, and Contractor shall perform the Work in accordance with the Work Schedule. Although the Work may be interrupted, altered, delayed, or accelerated due to a *force majeure* event as listed in Section 41 of these General Terms and Conditions, the conduct of WCI, Inc.’s business operations, governmental regulation, or similar conditions, except as set forth in Section 5 of these General Terms and Conditions, no changes in the Work Schedule or Compensation shall be made as a result thereof.

6. FULL UNDERSTANDING; AMENDMENT

The Agreement contains the full and complete understanding of the parties and supersedes all prior understandings or agreements on the subject matter hereof. The language contained in the Agreement shall prevail over any other language, including that of any proposal submitted by Contractor. WCI, Inc. reserves the right to amend the Agreement to allow for additional time and/or additional funding for Contractor's performance. No amendment or variation of the terms of the Agreement shall be valid unless made in writing and signed by WCI, Inc. No oral understanding or agreement outside of the Agreement is binding on any of the parties.

7. ASSIGNMENT

Neither the Agreement nor any interest in the Agreement is assignable by Contractor, either in whole or in part, without the prior written consent of, and on such terms as may be approved by, WCI, Inc. in the form of a formal written amendment signed by Contractor, WCI, Inc. and Contractor's assignee.

8. AUDIT

If the Agreement allows for Contractor to be paid fees at a daily or an hourly rate or for Contractor to be paid or reimbursed for expenses, Contractor shall maintain time records and books of account, invoices, receipts and vouchers of expenses in support of these payments, in form and content reasonably satisfactory to WCI, Inc. Contractor agrees that WCI, Inc. or its designated representative shall have the right to review and to copy any of Contractor's records and supporting documentation pertaining to the performance of tasks that are paid on the basis of a daily or an hourly rate or reimbursed as expenses. Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. Contractor agrees to allow the auditor(s) designated by WCI, Inc., the funding entity, and/or any of their duly authorized representatives access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Contractor agrees to include a similar right of WCI, Inc., the funding entity, and/or any of their duly authorized representatives to audit records and interview staff in any subcontract related to performance of tasks that are paid on the basis of a daily or hourly rate or reimbursed as expenses. Contractor shall promptly reimburse WCI, Inc. for any expenditures judged by an audit conducted by any of the above to be not in compliance with the requirements

in this Agreement. Contractor shall include the provisions of this paragraph in any subcontract executed in connection with the Agreement.

9. GRATUITIES

If WCI, Inc. finds that Contractor or any of Contractor's employees, agents, or subcontractors offered or gave gratuities (in the form of entertainment, gifts or otherwise) to any director, officer, employee or agent of WCI, Inc. or of any Participating Jurisdiction or of any funding entity in any attempt to secure the Agreement or favorable treatment in awarding, amending or making any determinations related to the performance of the Agreement, WCI, Inc. may, by written notice to Contractor, terminate the Agreement, and pursue such other rights and remedies that the law or the Agreement provides.

10. INDEMNIFICATION

To the fullest extent permitted by law, Contractor shall indemnify, defend and hold harmless the provinces of British Columbia and Quebec, the State of California (together, the "Participating Jurisdictions"), WCI, Inc., any funding entity, and their directors, officers, employees and agents (the "Indemnified Parties") from and against any and all debts, losses, claims, damages, costs, demands, fines, judgments, contracts (implied and expressed, written and unwritten), penalties, obligations, payments, liabilities of every type and nature (whether known or unknown, fixed or contingent) arising from a claim asserted against an Indemnified Party by a third party, including, without limitation, (a) those accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying services, materials, or supplies in connection with the performance of the Agreement and (b) those arising out of any lawsuit, action or proceeding (whether brought by a party to the Agreement or by any other person), together with any costs and expenses (including, without limitation, reasonable attorneys' fees, out-of-pocket expenses and other costs and expenses incurred in investigating, preparing or defending any pending or threatened lawsuit, action or proceeding) incurred in connection with the foregoing, suffered or sustained by any Indemnified Party by reason of any act, omission or alleged act or omission in violation or alleged violation of the Agreement by Contractor or any subcontractor, supplier or other person employed or alleged to be employed by any of the foregoing, or a breach or alleged breach of the Agreement, including but not limited to breaches or alleged breaches of representations, warranties, acknowledgements or covenants herein or in the Agreement.

11. TERMINATION FOR CAUSE

If Contractor fails to perform the requirements of this Agreement at the time and in the manner herein provided, WCI, Inc. may notify Contractor in writing. If Contractor does not cure the failure within 15 days from the notice date, or if such failure is of such a nature that it cannot be cured within such 15-day period, if Contractor does not commence the cure within such 15-day period and promptly and diligently thereafter prosecute such cure to completion, WCI, Inc. may, upon an additional 5 days' written notice, terminate this Agreement and be relieved of any further

obligation to make payments for Work performed after the termination date. In the event of such termination, WCI, Inc. has the right to any remaining Work for which it has paid before the termination date. In the event of such termination, the cost incurred by WCI, Inc. to take over and complete the Work on its own behalf, over and above the payments that would have been made to Contractor to complete the Work had there been no termination for cause, shall be deducted from any remaining sums due Contractor under the Agreement.

12. INDEPENDENT CONTRACTOR

Contractor, and the agents and employees of Contractor, in the performance of the Agreement, shall act in an independent capacity and not as directors, officers, employees or agents of WCI, Inc. or the Participating Jurisdictions or any funding entity. Contractor is not entitled to receive employee benefits or insurance coverage including worker's compensation, disability insurance, Social Security, unemployment compensation coverage, or any other statutory benefit. Contractor will have the ability to obtain and maintain the required paperwork appropriate to perform the services required by the Agreement. Contractor will pay all the appropriate taxes on its compensation by WCI, Inc. and will indemnify WCI, Inc. for any unpaid tax obligations on fees paid to Contractor.

13. ACKNOWLEDGEMENT

The parties acknowledge that WCI, Inc. is not an agent of any Participating Jurisdiction or any funding entity or the collectivity of Participating Jurisdictions and any funding entities.

14. COMPENSATION

The consideration to be paid to Contractor, as provided in the Agreement, shall be in compensation for all of Contractor's expenses incurred in the performance hereof, including travel, per diem, and taxes, unless otherwise expressly provided to the contrary elsewhere in the Agreement. All compensation shall be paid in accordance with WCI, Inc.'s policies and procedures with respect to the compensation and payment of contractor business expenses. WCI, Inc. shall not be responsible for any expense incurred by Contractor that is not in accordance with WCI, Inc.'s policies and procedures.

15. UNENFORCEABLE PROVISIONS

If any provision of the Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then the remaining provisions of the Agreement will remain in full force and effect as if such invalid or unenforceable provision had never been included.

16. SETTLEMENT OF DISPUTES

A. In the event a dispute shall arise between Contractor and WCI, Inc., the dispute shall be arbitrated before three arbitrators, one to be selected by each party and the third to be selected by the other two selected arbitrators. Any such arbitration shall be held in California, and notwithstanding anything to the contrary set forth elsewhere in these General Terms and Conditions, this

agreement to arbitrate shall be enforceable through a proceeding brought in any court of competent jurisdiction within the state of California. The arbitrators shall apply the substantive law of the state of California, without regard to its Conflicts of Laws provisions. Arbitration may be conducted in accordance with the standard rules of the AAA Commercial Arbitration except that the arbitrators may not make any award not strictly in conformance with this Agreement. The decision of the arbitrators shall be final and conclusive upon the parties and may, notwithstanding anything to the contrary set forth elsewhere in these General Terms and Conditions, be entered and enforced in any court of competent jurisdiction within the state of California. In connection with any proceeding brought in accordance with this Section 16 in the state of California, Contractor and WCI, Inc. waive any objection to such jurisdiction on the grounds of venue or forum non conveniens and any similar grounds, consent to service of process by mail or in any other manner permitted by law, and agree to be bound by any judgment rendered by any such court in connection with the Agreement.

- B. The existence of a dispute not fully resolved shall not delay Contractor in its performance of the Agreement. Contractor shall continue with its responsibilities under the Agreement, which shall not be affected by the dispute.

17. POTENTIAL SUBCONTRACTORS

Contractor shall not subcontract any of its obligations under the Agreement without prior written approval of WCI, Inc., which approval shall not either directly or indirectly be unreasonably withheld. Contractor shall require all subcontractors to comply with the obligations of Contractor in these General Terms and Conditions by incorporating the terms of these General Terms and Conditions into all subcontracts.

Nothing contained in the Agreement or otherwise shall create any contractual relation between WCI, Inc., any Participating Jurisdiction or any funding entity, on the one hand, and any subcontractors, on the other, and no subcontract shall relieve Contractor of its responsibilities and obligations under the Agreement. Contractor agrees to be as fully responsible to WCI, Inc. for the acts and omissions of its subcontractors and of persons employed by any of them in their performance of the subcontract as it is for the acts and omissions of persons directly employed by Contractor. Contractor's obligation to pay its subcontractors is an obligation independent from WCI, Inc.'s obligation to make payments to Contractor. As a result, WCI, Inc. shall have no obligation to pay or to enforce the payment of any moneys to any subcontractor.

18. STOP WORK ORDER

WCI, Inc. reserves the right to issue a written order to stop work in the event that a dispute should arise, or in the event that WCI, Inc. gives Contractor a notice that the Agreement will be terminated. The stop-work order will be in effect until WCI, Inc. sends a written order to resume work.

19. TERMINATION

- A. WCI, Inc. reserves the right to terminate the Agreement in its sole discretion at any time upon thirty (30) days' prior written notice to Contractor.
- B. In the case of early termination, Contractor shall submit an invoice and a report covering services to the termination date, following the invoice and progress report requirements of the Agreement. A copy and description of any data collected up to the termination date shall also be provided to WCI, Inc., along with all other materials required by the Agreement.
- C. Upon receipt of such invoice, progress report, data and other materials, a final payment will be made to Contractor. This payment shall be for all WCI, Inc.-approved, actually incurred costs that in the opinion of WCI, Inc. are justified and conform to the requirements of the Agreement, and shall include labor and materials purchased or utilized (including all non-cancellable commitments) prior to the termination date, and pro rata indirect costs as specified in the Agreement.

20. COUNTERPARTS

The Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

21. PROGRESS PAYMENTS

To the extent not provided otherwise elsewhere in the Agreement, in computing the amount of any progress payment, WCI, Inc. shall determine what Contractor has earned during the period for which payment is being made on the basis of the Agreement terms.

22. FINAL PAYMENT

The acceptance by Contractor or by anyone claiming by or through it, of final payment shall be and shall operate as a full and final release of the Indemnified Parties as to all claims by and all liability to Contractor for all things done or furnished in connection with the Agreement and for every act and neglect of the Indemnified Parties and others relating to or arising out of the Agreement, including claims arising out of breach of contract and claims based on claims of third persons.

23. COMPUTER SOFTWARE

Contractor certifies that it has appropriate systems and controls in place to ensure that WCI, Inc. funds will not be used in the performance of the Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

24. INTELLECTUAL PROPERTY

- D. Except as set forth in the Scope of Work, the right to use all material, software, firmware, compositions of matter, manufactures, apparatus, appliances or processes required in connection with the Agreement and to which a patent, copyright or other intellectual property right applies or may apply shall be

obtained by Contractor without separate or additional compensation whether the same is patented, copyrighted or otherwise protected as an intellectual property right before, during or after the performance of the Agreement.

- E. Contractor shall defend, indemnify, and hold the Indemnified Parties harmless against all claims, losses, damages and expenses (including reasonable attorney fees) promptly upon the incurrence thereof resulting from any third party claim that the Contractor work product delivered under this Agreement infringes, misappropriates or otherwise violates a trademark, copyright or other third party's proprietary right. Notwithstanding the foregoing, Contractor shall have no obligation or liability with respect to any such claim or liability based upon (i) Contractor's work product that has been altered, modified or revised by anyone other than Contractor and such claim or liability would have been avoided but for the alteration, modification or revision; (ii) the combination, operation or use of Contractor work product with products not furnished by Contractor or set forth in the documentation when such combination is part of any allegedly infringing process; or (iii) use of the Contractor work product(s) in a manner not authorized in the documentation when such claim or liability would have been avoided but for such unauthorized use. WCI, Inc. shall promptly notify Contractor of any such claim. In addition to the obligations above, if Contractor work product becomes the subject of any third party claim, demand or allegation that the Contractor work product(s) infringes, misappropriates or otherwise violates any third party's patent, trademark, copyright, or other proprietary right, then Contractor, at its sole option, shall: (i) promptly obtain, at no expense to WCI, Inc., the right for WCI, Inc. to continue exercising all rights and licenses in such Contractor work product in accordance with the terms of this Agreement; or (ii) replace the subject Contractor work product with non-infringing and substantially equivalent work. The foregoing states the entire liability of Contractor with respect to any claims subject to this Section.
- C. Except as set forth in the Scope of Work, Contractor agrees that all work product deliverable pursuant to the Agreement, created hereunder by Contractor, its employees or any subcontractors it engages to perform work for WCI, Inc., shall become the absolute and exclusive property of WCI, Inc. (hereinafter "WCI, Inc. Intellectual Property"). WCI, Inc. Intellectual Property shall automatically be deemed to become the property of WCI, Inc. immediately as soon as made. Contractor and its subcontractors agree to cooperate with and assist WCI, Inc. (at WCI, Inc.'s expense) to apply for and to execute any applications and/or assignments reasonably necessary to obtain any patent, copyright, trademark, or other statutory protection for WCI, Inc. Intellectual Property. Contractor shall, and shall cause employees and contractors of Contractor to, promptly sign any and all lawful papers, take all lawful oaths and do all lawful acts, including giving testimony (at WCI, Inc.'s expense), upon request by WCI, Inc., in connection with any patent, trade name, trademark, service mark or copyright application or issued patent, or registered copyright or trademark and/or any divisions, continuations, renewals, re-examinations, reissues or the like of any of them. Such lawful papers include, but are not limited to, any and all declarations,

powers, assignments, and other papers deemed by WCI, Inc. to be necessary or advisable in connection with the filing or prosecution of any patent, trademark, service mark or copyright application or in connection with the grant of any letters patent, trademark or service mark registration, or copyright registration, or in connection with the transfer of any rights to any invention, trademark, trade name, service mark, or copyright. Contractor agrees to keep and maintain adequate and current written records of the foregoing described in this paragraph and promptly to disclose to WCI, Inc. all WCI, Inc. Intellectual Property.

- D. WCI, Inc., at its discretion, may grant a nonexclusive and paid-up license to Contractor and its subcontractors to use said copyrightable materials or other intellectual property related to the WCI, Inc. Intellectual Property.
- E. Contractor and its subcontractors shall not disclose any of the WCI, Inc. Intellectual Property, or any portion thereof, to any other organization or person without the prior written consent of WCI, Inc.
- F. Contractor and its subcontractors shall not use the WCI, Inc. Intellectual Property, or any portion thereof, in any other work without the prior written consent of WCI, Inc., subject to any license granted in writing to Contractor by WCI, Inc.

25. RIGHTS IN DOCUMENTS, MATERIALS, AND DATA PRODUCED

All documents, materials and data produced from WCI, Inc. Intellectual Property or derived from its application and delivered or required to be delivered to WCI, Inc. shall become and remain the property of WCI, Inc. upon delivery to WCI, Inc. or termination or completion of the Work. WCI, Inc. shall have the right to use the same without restriction or limitation and without compensation to Contractor other than that provided for in the Agreement. Any documents produced in whole or in part under the Agreement shall not be the subject of an application for copyright by or on behalf of Contractor or its subcontractors. All such documents completed under the Agreement shall bear on the title page the following legend: *“Prepared by (Insert name of Contractor) for submission under Agreement with the Western Climate Initiative, Inc. The preparation of this document was financed in part by funds provided by (insert name of the funding agency, if applicable).”* The month and year in which the document was prepared shall also be shown.

26. CONFIDENTIALITY

Contractor acknowledges that the Confidential Information (as hereinafter defined) of WCI, Inc. has independent economic value, is not known to other persons who might profit from its use and is the subject of efforts by WCI, Inc. to maintain its secrecy that are reasonable under the circumstances. Contractor agrees to use such Confidential Information solely for the purposes permitted by the Agreement and further agrees not to, directly or indirectly, disclose to any other person any Confidential Information except to the extent expressly required by law or authorized in writing by WCI, Inc. For the purposes of the Agreement, “Confidential Information” shall include any information so described elsewhere in the Agreement,

all data stored or made accessible through the Compliance Instrument Tracking System Service, unless WCI, Inc. notifies Contractor in writing that such information is not confidential, any information identified as confidential in agreements entered into by WCI, Inc. with Participating Jurisdictions or any funding entity and identified elsewhere in the Agreement, and any of WCI, Inc.'s confidential, proprietary or trade secret information that is disclosed to Contractor or Contractor otherwise obtains in the course of its performance of the Agreement such as, but not limited to, information related to articles, electronic data, recordings, papers, bulletins, reports or other material reporting the plans, progress, analysis or results and findings of the Work, business plans, party lists, benefit plans, designs, pricing offered to or agreed upon by parties, commissions or commission structures, financial statements, software diagrams, flow charts, product plans and other items and information belonging to WCI, Inc., its personnel, customers and affiliates. Confidential Information shall not include any information: (i) that as of the time of receipt by Contractor is in the public domain or subsequently enters the public domain without breach of this Agreement by Contractor; (ii) that as of the time of receipt by Contractor, is already known to or in Contractor's possession; (iii) is independently developed by or for Contractor as evidenced by Contractor's own files and records; (iv) is received in good faith by Contractor from a third party that was lawfully in possession of the information; or (v) that the Parties mutually agree in writing to release from the terms of this Agreement. Contractor shall use best endeavors to prevent any disclosure of Confidential Information by Contractor, its subcontractors, or its or their agents and employees. Contractor further agrees to not deliver, "reverse engineer," reconstruct, reproduce or in any way allow such Confidential Information, knowledge, data or other information, or any documentation relating thereto to be delivered or used by any third party without specific direction or consent of WCI, Inc. In addition, Contractor shall:
